## 1. LEGAL FRAMEWOK

- The Constitution of the Republic of South Africa No. 108 of 1998, Section 152
- The Municipal Systems Act No. 32 of 2000, Section 16, 24,25 and 29
- The Municipal Finance Management Act, 56 of 2003, Section 21
- Local Government: Municipal planning and performance regulations (NO.796, 24 August 2001), section 15.

## 2. BACKGROUND

- In terms of Section 25 of the Municipal Systems Act (MSA) 2000, all municipalities have to undertake an Integrated Development Planning Process. The Integrated Development Plan has a life cycle of five (5) years. It has a legal status which supersedes all other plans that guide development at local government level.
- The council of Matatiele local municipality has adopted the 5-year integrated development plan (IDP) (31 may 2017) for the period 2017-2022; ending June 2022.
- Matatiele Local Municipality has now embarked on the process of developing the 5-year IDP for the 2022/2027 cycle; which will be undertaken in the 2022/23 financial year. This IDP will be reviewed annually as required by section 34 of the Municipal Systems Act.
- On the 28<sup>th</sup> July 2021, Council adopted the 2022/23 IDP/Budget processes plan in terms of Section 28 of the Municipal Systems Act, **council resolution no. CR1297/28/07/2021**; to guide the planning, drafting, and adoption of the 2022/27 IDP. This Process plan also details the public participation programs the municipality will embark on during these IDP processes; including the IDP community outreaches.
- Guided by chapter 4 of the municipal systems Act; community outreaches are part of the public participation mechanisms adopted by council to be used in this IDP development process.

## 3. PURPOSE OF THE OUTREACH:

In terms of the Adopted 2022/2023 IDP and Budget Process Plan; the municipality is on the situational analysis phase of the IDP review process. This is the phase where the municipality assesses the current level of development within the municipality; identifying the challenges, community needs and priorities.

Thus the purpose of the IDP community outreach is to:

1. To verify ward needs & Priorities in terms of the existing Ward- based plans
2. To conduct public education and awareness programs.
