CHAPTER 1 – MAYOR’S FOREWORD AND EXECUTIVE SUMMARY

COMPONENT A: MAYOR’S FOREWORD

MAYOR’S FOREWORD

It is an honour to present the Annual Report of Matatiele Local Municipality for the 2021/2022 financial year. This was yet another year full of turbulence and accomplishments. This report provides information about the Municipality’s financial, operational, social and environmental performance over the 12 months in review, namely the period from 01 July 2021 to 30 June 2022. It also reflects on the progress made towards reaching our objectives as set out in the Integrated Development Plan (IDP).

As the newly elected Council, we took a stern decision to focus on the vision of the Municipality which says “Nature, Agriculture and Tourism are Investments of choice” and ensure that its pillars are realized. We believe that tourism development, agriculture and conservation of our natural resources are key in attracting investments to Matatiele, in order to open opportunities which will provide an environment that promotes a sustainable local economic development.

In line with the vision, I the Mayor and the Speaker together with the Standing Committee for Local Economic Development recently attended the 2022 Africa Tourism event which was hosted at the Durban International Convention Centre (ICC) from the 1st – 6th May 2022 and were honoured by the visit of Minister of Tourism in the cabinet of South Africa, Minister Lindiwe Sisulu, who promised to visit Matatiele again within her term of office as she has visited before, and commended the beauty of the land.

To augment the economic sector, the Municipality utilized the amount of **R5 920 000,00** in the following projects: Cropping and household programme; livestock improvement programme; skills development for housing emerging contractors; skills development programme for SMMEs; SME/ co-operative funding support; manufacturing support; support for informal traders; nature reserve hiking

Contents

trail and various tourism programmes. The National Department of Tourism invested close to **R20 Million** to improve and revamp the Mehlooding Hiking Trail in Ward 12 via areas of Wards 13 and 14.

The Municipality still maintain the promise to the populaces of MLM, that more efforts will be channeled into developing our tourism sector, in ensuring that we market Matatiele so as to attract investors. As a government alone, we cannot reduce unemployment but ours is to create favorable conditions so that the private sector can work with us in addressing this challenge. By prioritizing our road infrastructure and rural electrification, we are open to collaborating with service providers in the private sector as well as sector departments to enable sustainable economic development. Active participation and involvement of all social partners and our communities will continue to play a pivotal role in development of our communities.

The TROIKA and senior management of Matatiele Local Municipality convened a meeting with the top management of Standard bank of South Africa to establish working relations and to urge the bank to give back to the community they serve. The bank made a commitment that they also want to be part of development around Matatiele especially in supporting agriculture and small businesses. As the Municipality acknowledges the significant role played by the Expanded Public Works Programme (EPWP) which serves as a fundamental tool to alleviate poverty and unemployment. **676 job opportunities** were created through the Expanded Public Works Programme (EPWP). We had created a solid partnership with the MICT Seta and Omni vision institute, **39 young people** from Matatiele were selected to 12-month course in End User Computing (NQF level 3).

Matatiele has been hit by heavy rainfalls, further damaging the road infrastructure. These heavy rains have caused a heavier backlog towards the Municipal infrastructure agenda, but the Municipality through the Infrastructure Services department has worked tirelessly in responding to any immediate crisis that have emerged from these disasters.

I would like to extend my sincere gratitude to the Councillors, Traditional leaders and the Khoisan leadership, the Management, Ward Committees, Ward Support Assistants, Community Development Workers, Sector Departments, private partners, and all our communities in making sure that we achieve the planned targets and improving the lives of our people. Let us ensure that we realize our vision and make Matatiele great, [#BuildingBetterMatatieleTogether](#).

COMPONENT B: EXECUTIVE SUMMARY

1.1. MUNICIPAL MANAGER'S OVERVIEW

Matatiele Local Municipality's (MLM) Annual Report (AR) was developed in terms of the provisions of Section 121 of the Municipal Finance Management Act (MFMA), 56 of 2003 and other relevant legislative requirements. The Annual Report articulates the results achieved against the set objectives as embedded in the 2021/22 Service Delivery, Budget and Implementation Plan (SDBIP).

The Annual Report serves as a yardstick to measure progress made with regards to the implementation of the 2021/22 SDBIP. It is a culmination of quarterly reports against the predetermined objectives as set out in the Municipal SDBIP. The 2021/2022 AR reflects the Municipality's performance and achievements. A total of **161** targets as per the approved Revised 2021/2022 SDBIP were set.

The 2021/2022 financial year was both challenging and exciting as the Municipality strived to achieve the imperatives of the Integrated Development Plan. The Municipality has endeavored tirelessly in focusing on delivering the mandate even in the midst of increasing external and internal challenges.

The MLM was able to successfully achieve and provide the following:

KPA: Basic Service Delivery

1. **12 763** registered *indigent beneficiaries* were provided with free basic services such as gas, solar maintenance, rates and refuse and electricity by 30 June 2022.
2. Routine maintenance of **4** *public amenities* was conducted by 30 June 2022
3. **2556 households** were connected with electricity by 30 June 2022

KPA: Local Economic Development (LED)

1. **676 job opportunities** were created through the Expanded Public Works Programme (EPWP);
2. **Sixty (60) SMMEs** were trained in the following trainings: 1. Project Management 2. Sustainable business development 3. Basic compliance fundamentals or Supply chain management training by 30 June 2022.

Contents

Other four **Key Performance Areas** (KPAs) being Municipal Institutional Development and Transformation, Municipal Financial Viability and Management, Good Governance and Public Participation and Spatial Rationale have been reported as part of the Annual Performance Report.

The municipality's performance was affected by both external and internal factors resulting in some targets not been met. The municipality has recognised all the shortfalls and going forward an effort will be made to correct these.

1.2. MUNICIPAL FUNCTIONS, POPULATION AND ENVIRONMENTAL OVERVIEW

INTRODUCTION TO BACKGROUND DATA

Matatiele Local Municipality (MLM) thus has functions and powers as prescribed by the constitution of Republic of South Africa 1996 section 153(a)(b), Municipal Structures Act, Municipal System Act, Municipal Finance Management Act and Batho Pele principle. Matatiele Local Municipality's function includes the construction and maintenance of access roads, community halls, sport facilities, electricity distribution, removal of solid waste, town planning, build control and local economic development.

Matatiele Local Municipality is located in the Northern part of the Eastern Cape Province. It adjoins onto Elundini Municipality to west, Greater Kokstad Municipality (KZN) to the east, Umzimvubu Municipality to the south, and Lesotho to the north. Traversing the Local Municipality in an east-west direction is the R56 road, linking Matatiele with Kokstad to the east and Mount Fletcher to the west. This roadway links the Municipality with KwaZulu-Natal Province and parts of the Eastern Cape Province located south of Matatiele Municipality.

Matatiele Local Municipality is one of four (4) Local Municipalities situated within the Alfred Nzo District Municipality. Alfred Nzo District Municipality consists of Matatiele, uMzimvubu, Winnie Madikizela Mandela and Ntabankulu Local Municipalities.

The Alfred Nzo District Municipality is situated within the Eastern Cape Province; and is surrounded by OR Tambo District Municipality to the east, Joe Gqabi District Municipality to the west, Harry Gwala District Municipality to the north-east, Ugu District Municipality to the east and Lesotho to the north.

DEMOGRAPHIC PROFILE

Population size and Distribution

According to the 2016 Community survey; Matatiele Local Municipality has a population size of 219,447 people, spread across 26 wards. This shows a slight increase in the population size over the last five years, since the 2011 census. A comparative demographical analysis demonstrates that Matatiele Local Municipality has the largest geographical size at 4,352km² within Alfred Nzo District Municipality. The area accounts for 41% of the District's population. In terms of population density, Matatiele Local Municipality has a rather lower density (46.8 p/km²) within ANDM.

Population groups

The majority of the population is African at 98.4%, while Coloured, Indian/Asian and White population groups, constitute 1%, 0.2% and 0.4% respectively. The majority of the population mostly resides in the rural villages around the towns of Matatiele, Maluti and Cedarville.

Households

These households are distributed unevenly over 26 wards. The 2016 municipal demarcation has not affected changes in the geographical size of the Municipality; however, the ward boundaries of some wards have changed, with some wards assigned new villages from other wards. Hence, the number of villages in each ward is unevenly distributed as well. The number of villages per ward also varies in size and number. The average household size is 3.9.

Figure 1.1.1: Total households; Statistics South Africa. CS 2016

Gender differentiation and Age distribution

Fifty-four percent (54%) of the population of Matatiele Local Municipality are females. There are more females than males. This is not unique to MLM as this trend is also evident within the

MLM generally has a large youthful population. The largest part of the population falls between the ages 15 and 19. The majority of these young people are still in school. There are more females across the age groups with the exception of the 05 -09 age group.

- **YOUTH POPULATION**

Figure 1.1.4: Youthful Population; Statistics South Africa, CSs 2011 and 2016.

The present population of MLM is largely comprised of youths. Therefore, it should be a matter of priority for the Municipality, Sector Departments and other Stakeholders to ensure that a large percentage of the budget is allocated to social development facilities and youth Empowerment initiatives in order to meet the needs of a youthful population and ensuring that people falling within this age acquire relevant skills. The development of skills, creation of more job opportunities is one of the key aspects of the developmental issues by the Municipality in partnership with the sector departments and other stakeholders.

Population projections-2021

Figure: 1.1.5: Population Pyramid-Matatiele Local Municipality, 2016 Vs. 2021 (%)

The population pyramid reflects a projected change in the structure of the population from 2016 and 2021. The differences can be explained as follows:

- In 2016, there is a significantly larger share of young working age people between 20 and 34 (25.6%), compared to what is estimated in 2021 (23.7%). This age category of young working age population will decrease over time. The fertility rate in 2021 is estimated to be significantly higher compared to that experienced in 2016.

The share of children between the ages of 0 to 14 years is projected to be significant smaller (36.4%) in 2021 when compared to 2016 (37.6%).

In 2016, the female population for the 20 to 34 years age group amounts to 13.3% of the total female population while the male population group for the same age amounts to 12.2% of the total male population. In 2021, the male working age population at 11.5% does not exceed that of the female population working age population at 12.2%, although both are at a lower level compared to 2016.

Education Profile and Literacy Levels

Education and training are important to the future socio-economic dynamics of MLM, because through improved education provision, the population of Matatiele will be empowered. Education attainment is an important indicator of the community for the development of the local economy and the human resource capacity for business establishment and employment. One of the challenges within the Municipality is the increasing number of school drop outs. This results in a large number of young people who do not complete high school.

Figure: 1.1.6: Education Attainment Levels in the Population 20 Years and Older, 2017

**Percentage working age population
with Matric or higher qualifications**

The proportion of the working age population that is between the age of 15 and 65 years of ages who has obtained at least a matric or higher level of education in Matatiele is 22.6%. This is higher than the district where 23.0% have achieved Matric or higher. The Municipality is home to 4.2% of its population that report having had no schooling. This is less than the provincial average of 11.4% and lower than the district average of 15.0%. The percentage of people with no education in Matatiele LM declined with 2.2 percentage points from 6.4% in 2010 to 4.2% in 2018.

Contents

The majority of learners in Matatiele are in primary and secondary school. The figure also indicates the number of learners enrolled in higher education institutions. There are however, no tertiary institutions in the Municipality other than a TVET centre. Most matric graduates are required to leave the area and study in cities within the province and in other provinces. Furthermore, the small percentage of youth people enrolled in higher educational institutions could be attributed to poor financial backgrounds, in that most students after Matric do not have the financial means to further their studies.

Employment Profile

The Matatiele workforce was estimated to total 107,190 people in 2017, which being the population aged between 15 and 64 years old. Of this group, the labour force refers to those who are employed or unemployed and actively seeking employment. The labour force of Matatiele was estimated at 43,160 people.

The number of unemployed persons in the Municipality was estimated at 15,296 in 2016. It is estimated that there are 26,800 employed persons within MLM and 16,074 unemployed people in 2017.

Indicator	2017

The *not economically active* category is defined as persons aged 15–64 years who are neither employed nor unemployed in a given reference week. This measure accounts for persons who are discouraged work-seekers or who have chosen or been forced out of the labour market due to ill health, studies or family responsibilities. Matatiele LM's *not economically active rate* stands as 60.0% for 2017.

Contents

The *labour force participation rate* measures the proportion of the working-age population that is either employed or unemployed. The labour force participation rate for Matatiele LM was 40.0% for 2017 which was higher than the Alfred Nzo District of 32.7% but less than Eastern Cape's labour force participation rate of 48.0%.

Indicator	Eastern Cape (%)	Alfred Nzo DM (%)	Matatiele LM (%)
Labour Force Participation Rate	48.0	32.7	40.0
Formal Employment Rate	72.7	68.2	64.9

With unemployment

not surprising that youth unemployment has been identified as one of the most serious issues facing the South African economy. In addition, research has shown that young people who cannot find gainful employment between the ages of 15-34 years old, will struggle to find employment for the rest of their life and hence will be locked out of the labour market entirely.

Formal employment is categorized into skilled, semi-skilled, and unskilled employment. Skilled people employed in the Municipality are approximately 4,974 people (or 28.4%) of the Matatiele LM formal employment. Semi-skilled people amount to 6,328 (or 36.4%) of the Matatiele LM formal employment, whilst unskilled workers account for 35.2% (6,127 people) of the Matatiele LM formal employment. Skills development training is crucial in the Municipality for the unskilled and semi-skilled workers to enhance their market competitiveness.

The Municipality experienced CAGR of 3.2% of total formal employment between 2010 and 2017. This was higher than the District growth of 3.0%, Provincial growth of 2.1%, and National growth (2.2%) during the same period. The Municipal, District, Provincial, and National growth rates between 2010 and 2017 are shown in the table below.

The highest CAGR of 3.4% of formal employment was experienced by semi-skilled employees between 2010 and 2017.

Household Income

Monthly household income indicates the average monetary income of households in a particular region. The graph below shows the household annual income distribution in Matatiele LM.

Matatiele LM Annual Household Income Distribution (Rands).

Contents

Source: (IHS Markit Regional eXplorer version 1156 in Matatiele SERO, 2017)

The Municipality has high levels of unemployment and unequal distribution of income. Approximately 22.1% of households in Matatiele LM, earn an income of less than R30 000 per year. Which implies an average monthly income of less than R2,000 which is very low. Whilst, 36.9% of the Alfred Nzo population and 27.4% of the provincial population earn an income of less than R30 000 per year. Whereas, half of (50.1%) of all households in the Municipality, earn an income between R42,000- R54,000 per year. Which implies an average monthly income of approximately R4,000. This income is slightly above the National Minimum Wage Bill in South Africa of R3 500/month. According to SASSA, in the 2020/21 financial year, Matatiele LM has approximately 91,291 beneficiaries, who depend on monthly grants. It is estimated that SASSA payouts in the Municipality amount to R60,426,905 monthly to these beneficiaries.

Monthly household income has a great impact on the ability of the community to provide for the basic needs of the household such as food, shelter, education and access to transport. The low monthly income affects the local domestic trade and businesses negatively as households will not be able to afford any commodities and services available in the local Municipality. Income however is only one aspect of poverty; the lack of accumulated assets or savings are other aspects that refer to the level of wealth in communities.

Indigent Support

The Municipality has an Indigent support policy and an indigent register with 12 763 households registered. The register is updated as and when new people need to be captured on an annual basis. Currently the indigent support is in the form of free basic electricity, non-grid energy, and alternative energy and refuse removal. The District municipality provides Indigent household with 6 kilo litres of water per Household.

The table below indicates the budget allocated for the provision of free basic services over a three-years period.

DESCRIPTION	BUDGET 2021/22	BUDGET 2022/23
FREE BASIC REMOVE IINDIGENT	8,293,440.00	12,000,000.00
ALTERNATIVE ENERGY	19,000,000.00	18,000,000.00
TOTAL	27,293,440.00	40,000,000.00

An analysis of two financial years indicates that the number of indigent households increases each year. This also increases the budget allocation to provide the services. The municipality is providing gas as an alternative form of energy in households who do not have electricity. Municipal planning recognizes the need to focus strongly on poverty alleviation mechanisms as well as job creation, as well encouraging young people to create opportunities for themselves.

Applications for indigent subsidy are distributed before the start of the financial year with the aim of updating the register. The application period is not closed in a specific period and as a result the indigent register is updated as and when there are new applications that have been approved.

Indigent status and challenges thereof are reported on a monthly basis to management team. Updated registers are sent to ANDM for inclusion in the district registers. The registers are also sent as and when required by the district municipality. There are challenges faced by the municipality in the provision of indigent support services; these include amongst others; Application forms incorrectly filled by applicants; Service providers claiming for beneficiaries not in the approved indigent register

Table 1.2.10: Average household income

The table above indicates the average household income in Matatiele. 16.8% of the households in Matatiele have no form of income. This is indicative of the high dependency on social grants and the number of indigent households.

Poverty Levels and Indicators

The number of people in poverty is the number of people living in households that have an income less than the poverty income, i.e. the minimum income required to sustain a household according to the particular household size. Since poverty is multi-dimensional, thus having many factors that contribute to a poor person's experience of deprivation such as poor health, lack of education, inadequate living standard, lack of income, disempowerment amongst others. Therefore, the global Multi-dimensional Poverty Index (MPI) is used to measure acute

poverty, looking at the three dimensions of poverty i.e. Health, Education and Living Standards.

Health Indicators

The following are the health indicators for the Municipality

Indicator	Rate (Per 1000 Live Births)	Ratio (Per 100 000 Live Births)
Under 5 Mortality Rates (2015-16)	13.1	N/A
Infant Mortality Rate (0-1, 2015 -16)	14.0	N/A
Maternal Mortality In Facility Ratio	N/A	129.9

Table 1.2.11: Health indicators; Department of Health, DHIS

The indicators above are annualised. The table indicates that 14.0 (per 1000 live births) of the children died by the age of 1. The following have been identified as the common causes of Under 5 mortality: Diarrhoea 6.7%, Pneumonia 10.1% and Severe/acute malnutrition 24.5%. Although the rates are below the current national levels, they are quite high considering the population size of the Municipality. High rates of child mortality are indicative of challenges in the poor health systems, which may also be influenced by other factors such as limited access to health care services, poor infrastructure and education amongst others, which are some of the challenges in the Municipality and also the district.

- **HIV/AIDS**

The HIV prevalence in Matatiele is estimated at 11.5% of the population. The prevalence rate among those aged 15-19 is 6.5%. Matatiele Local Municipality has an HIV/AIDS strategy in line with the Provincial strategic plan. The strategy focuses on issues that are critical in developing the multi-sectorial municipal response to HIV/AIDS.

The impact of the pandemic on the lively hood of the communities is reflected as:

- Impact on Family Life and Children
- Provision of Service Health, Education and Welfare
- Impact on Local Economy
- Impact on community and poverty

SUMMARY OF KEY POPULATION CONCERNS

Population concerns are basically a concern about the sense of balance between human needs and the resources available to meet those needs, now, and for the future generations.

MIGRATION	URBANIZATION	GROWING YOUTHFUL POPULATION
<p>Migration in Matatiele is a concern, this includes both -in and out migration. In recent years there has been a growing influx of migrants especially from Lesotho as well as from other countries (legal and illegal migrants).</p> <p>It is also observed that it is common practice for residents to leave the Matatiele in search for work opportunities, tertiary education and other opportunities in other towns, cities and even other provinces.</p>	<p>Although the majority of the population are in the rural areas, there has been a growing number of people moving to the towns of Matatiele, Maluti and Cedarville. This has put pressure on the limited resources such as land and water.</p>	<p>Essentially, a growing youthful population should not be a concern; however in Matatiele the issues such as the high rate of youth unemployment and low skills base has resulted in the number of young people who are dependent of social grants and are indigent.</p>

CRIME AND POLICING

Within the Municipal area, there are currently 7 police stations, serving the communities of the area. Crime has the potential to impact negatively on the local economic development of the Municipal area. When analysing the crime statistics within the Municipality; stock theft, commercial crimes, driving under the influence of alcohol or drugs, burglary at residential premises, common assault, and murders are the most prevalent crimes in the area. Although the figures are lower, it is still a concern and may have unfavourable results.

Access to information

Access to information is important, not only to improve public participation but also to keep communities informed about services provided in their communities. There are various methods and tools used to share information. These provide access to information to the relevant people. The 2016 community survey provides information on some of the information tools widely used within Matatiele Local Municipality.

Access	Access to Radio (%)	Access to TV (%)	Access to cell phones (%)	Internet at school (%)	Internet via cell phone (%)	Internet via other mobile access (%)	Internet connection via work place (%)

Grand Total	100.00	100.00	100.00	100.00	100.00	100.00	100.00

Table 1.2.13: Information access: Statistics South Africa.CS2016

The table above indicates that about 93% of the population have access to cell phone; and approximately 58% of the population have access to TV's and Radio. Generally, Internet access seems to be a challenge within the area, especially in schools where only 1.4% of the people have access to the internet. The statistics above helps to identify which methods can be best used to effectively access information across the Municipality.

COMMUNITY NEEDS

Community needs are critical in the IDP Planning process as they inform the strategies and plans for delivery of services. Consultations and participation processes are conducted by the Municipality to determine the needs of communities in the Municipality at large as such needs analysis forms an important part of the situational analysis phase of the IDP.

Matatiele Local Municipality embarked on the IDP community outreach; which is a consultative and participatory process in developing the IDP review for the year 2021/2022. This session was conducted in the form of ward meetings, which took place from 13 to 16 September 2021 across the twenty-six (26) wards in the Municipality. The Municipality is in

Chapter 1

the part of the Situational analysis phase of the IDP review process, which involves the process of analysing the current levels of development in the Municipality and identifying the needs and priorities of the communities in all the wards. It is for this reason that the Municipality embarked on a IDP Community outreach Programme.

The purpose of the community outreach was to:

- Give the progress report on current community projects and programmers within the wards of the municipality.
- Confirmation of needs and priorities for each ward (as captured on the current Ward Based Plans)

The outreach served as an important step in the review of ward-based plans. MLM has reviewed the ward-based plans for all 26 wards.

1.3. SERVICE DELIVERY OVERVIEW

SERVICE DELIVERY INTRODUCTION

Matatiele Local Municipality is mandated by the Constitution of South Africa to distribute the basic services such as electricity, roads, street lighting, traffic controls, refuse collection and maintenance, as well as municipal parks and recreation.

1.4. FINANCIAL HEALTH OVERVIEW

FINANCIAL OVERVIEW

As at 30 June 2022, it has been declared in the Annual Financial Statements that the Municipality would continue to operate as a going concern and that has been substantiated by the positive bank balance as reflected in the cash and cash equivalent amounting to **R74 555 000** million as compared to the opening balance at the beginning of the financial year.

This then represented the Municipality's ability to pay its current liabilities for a fair period of a couple of months. Section 71 returns were successfully submitted to National Treasury and no invoking of section 38 of DoRA was experienced during the year. The grant allocations were not all spent hence there was a budget roll over for Municipal Infrastructure Grant (MIG) and Integrated National Electrification Programme INEP.

COMMENT ON THE ANNUAL REPORT PROCESS:

Matatiele Local Municipality (MLM) prepares an annual report for each financial year in accordance with the Municipal Finance Management Act No.56 of 2003 (MFMA) section 121, and, during the MFMA transitional period, the Division of Revenue Act and the Municipal Systems Act 2000. The purpose of the annual report is:

- to provide a record of the activities of the municipality or entity;
- to provide a report on performance in service delivery and budget implementation; and
- to promote accountability to the local community.

The most important documents tabled for MLM are the Integrated Development Plan (IDP), budget and annual report. The IDP and budget are forward-looking, they set out what the municipality intends to do and the funds it will raise and spend. The annual report, on the other hand, is backward-looking as it reports on actual performance of the municipality at the end of the financial year, reporting on how the IDP 2021/2022 and budget were implemented.

MLMs 2021/2022 Annual report is aligned with the planning documents (IDP, SDBIP) and budget for the year 2021/2022. This means that the IDP, budget, service delivery and budget implementation plan (SDBIP), in-year reports and annual report have similar and consistent structures to facilitate understanding and to enable the linkage between plans and actual performance.

The annual report, is to be tabled in council by 31 January. MLM is to timeously commence with the preparation of annual reports in order that these can be tabled before Council during January.

COMPONENT A: POLITICAL AND ADMINISTRATIVE GOVERNANCE

INTRODUCTION TO POLITICAL AND ADMINISTRATIVE GOVERNANCE

The Matatiele Municipal Council is established in terms of Sections 9 (b) and 22 of the Local Government: Municipal Structures Act 117 of 1998. It has a collective type of the Executive with 52 Councillors and ten (10) Traditional Leaders participating in the Municipal Council in terms of Section 81 of the Local Government and Municipal Structures Act, No. 117 of 1998. The Speaker of the Municipal Council is elected in terms of Section 36 and thereafter becomes its Chairperson. The Mayor as the Political Head of the Municipality is elected by the Municipal Council amongst the elected members of the Executive in terms of Section 48: (1) of the Local Government: Municipal Structures Act, No. 117 of 1998. The Matatiele Local Municipality has a full-time Chief Whip who is elected by the Council as per the Circular issued by the Member of the Executive Council in the Province.

The structure known as the TROIKA plus One which is composed of the Mayor, Speaker, Chief Whip and the Municipal Manager oversees the Political Management of the Municipality and also ensures the coordination of the Municipal affairs between Council Meetings. It is further responsible for the maintenance of the stability within the Municipality. The Executive Committee as the Principal Committee of Council is responsible for playing an oversight role over the workings of the Municipal Departments in between the Municipal Council Meetings through ensuring that the Council Resolutions are implemented and the issues requiring administrative and political interface are promptly attended to. The Council Meetings and that of its Standing Committees, both Sections 80 and 79 Committees are open to the public.

There are six (6) Section 80 Committees and six (6) Section 79 Committees. Out of the six (6) Section 79 Committees the Municipality has an Audit Committee that provides opinions and recommendations to the Municipal Council on financial processes and performance periodically based on the schedule of

meeting for the Municipal Council and its Committees. In order to ensure the direct interaction with the community almost all the Municipal Council and that of its committee meetings are open to the public. The work of the Mayor is guided by Chapter 7 of the Local Government: Municipal Finance Management Act, No. 56 of 2003 which assists the Mayor in providing the political direction to the Municipality, as the Political Head of the Matatiele Local Municipality and during the period under review the Mayor performed in an excellent manner.

The Municipal Public Accounts Committee (MPAC) which is a Committee established by the Municipal Council in terms of section 79 of the Local Government: Municipal Structures Act, No. 117 of 1998 provided an oversight role during the year under review. The Committee is comprised of nine (9) non-executive members drawn from parties represented in Council, with a full-time Chairperson who is elected by the Municipal Council from one of the non-executive members of the council

COMPONENT B: INTERGOVERNMENTAL RELATIONS

INTRODUCTION TO CO-OPERATIVE GOVERNANCE AND INTERGOVERNMENTAL RELATIONS

The guiding principle behind the existence of the Matatiele Local Municipality IGR Framework and structure is to facilitate effective co-operation between Matatiele Local Municipality, sector departments, private sector, para-statal and other interest groups located in the space of the municipality. Its main aim is to enhance integrated development and to consider various priorities programmes and projects in the area.

The Constitution of the Republic binds all spheres and organs of state to be guided by some of the listed hereunder critical principles:

Working Co-operatively:

The Intergovernmental Relations Framework Act provide ways for local government, national and provincial government to work together effectively to interpret national priorities. The aim is to find strategic consensus when planning g activities. IGR is about relations between democratically elected governments, its sector partners and the affected partners.

Distinctive governments:

This implies that all spheres must be committed in ensuring service delivery reaches its intended communities of Matatiele Local Municipality residence.

Effective and efficient government:

The IGR structure should be at the forefront to ensure maximum utilisation available resources for the betterment of local communities.

Implementation of concrete measures:

For the structure to realise co-operative governance they need to;

- Strengthen friendly relations – no partners should be treated as secondary
- Ensure consistent support and cushioning each other
- Communicate and inform each sector on matters of common interest

Chapter 2

- Share resources when providing intervention in an area
- Minimise any prospective legal litigations against each other

Therefore, the establishment and development of this IGR structure is aimed at fostering coordination and co-operation between Matatiele Local Municipality, Sector Departments and other partners embroiled in development that are falling under our jurisdiction.

However, given all the above process perspective, it is therefore imperative that, the IGR Forum as institutional mechanism must assist in reviewing performances, detecting failures and ensuring corrective action so that we continue to work together to service the people of Matatiele

T 2.3.0

2.3 INTERGOVERNMENTAL RELATIONS

NATIONAL INTERGOVERNMENTAL STRUCTURES

As the Local Municipality, we do not directly participate in the national forum. The reports are submitted to the district and province, and then find way to national intergovernmental structures

T 2.3.1

Chapter 2

Chapter 2

-The Matatiele LM IGR Forum meetings were convened in 2021 / 2022 Financial Year on a quarterly basis (four meetings were convened successfully), with the purpose to check progress made on the implementation of the IDP, by the Municipality and Government Departments.

-The sitting of the IGR Forum emanates from the IGR Framework Act (No. 13 of 2005) in this regard, Sector Departments operating within the Matatiele jurisdiction and the Municipality were able to integrate their programmes to avoid duplication of government programmes and resources were shared.

-It is through these meetings that members were able to raise challenges they face at their respective departments in order for a quick intervention where needed and also achievements that needed to be communicated to the public.

-The Forum continue to serve as an information sharing platform and also had attended to urgent matters that needed special attention of the IGR Forum.

Chapter 2

DISTRICT INTERGOVERNMENTAL STRUCTURES

The Local Intergovernmental Relations (IGR) Forum receives the full support of the District forum. The main objective of the Matatiele IGR Forum is to enhance integrated development and consider priorities in the entire municipality. The Communication Unit facilitates the sitting of all local IGR meetings and sessions, and serves as secretariat. Issues discussed at the local IGR are escalated to the district for consideration and implementation. Those that require provincial attention are channelled to the province accordingly. The forum is convened quarterly.

Chapter 2

2.4 PUBLIC MEETINGS

COMMUNICATION, PARTICIPATION AND FORUMS

The Municipal Systems Act, section 16 encourages a culture of community participation; thus, the Municipality should involve the community in the planning of the programmes and decisions of the Municipality. As such, the IDP process involves the participation of communities in the planning and review of the IDP, in order to ensure that the services, projects and programmes planned, will respond to the needs of the communities.

Matatiele Local Municipality implemented various public participation programmes, in line with phases of the IDP, throughout the Planning, drafting and adoption of the IDP review. The programmes included:

IDP Community Outreach Meetings – Due to Covid -19 lock down regulations the meetings held with ward stakeholders instead. The focused group meeting set up was adopted in order to control numbers and ensure that regulations are observed. The purpose of the meeting was to collect the needs and priorities of the Status-quo Report. IDP/Budget Community Outreach Meetings – To present the 2021/2022 Draft IDP review and draft budget for comments

IDP Representative forum meetings

Matatiele Local Municipality has an IDP Representative forum, which functions to provide an opportunity for stakeholders to represent the interests of their constituencies; provide a structure for discussion, negotiations and joint decision making, ensuring proper communication between all stakeholders and the Municipality, and Monitoring the planning and implementation process.

The sitting of meetings is scheduled in line with the phases of the IDP. In the 2021/2022 financial year; three (3) meetings were held; of these, two (2) meetings were held virtually. Corrective measures have been identifying in order to improve the effectiveness and functionality of the forum, and to ensure sitting of meetings as planned.

T 2.4.1

Chapter 2

WARD COMMITTEES

The key purpose for the structural existence of ward committees in terms of Section 73 of the Municipal Structures Act is to serve as a link between communities and the Municipality. They operate in terms of their portfolios that are sector-based dealing with issues affecting sector specific and assisting in ensuring that all community queries are attended to.

However, the level of education for those elected to serve as ward committees remains a challenge when reporting. On reporting consistency, the operations of the ward governance structures have been included in the calendar of municipal business and it is believed that with the cooperation of the Ward Councillors as chairpersons of these structures it will serve to improve the performance of ward committees.

COMMENT ON THE EFFECTIVENESS OF THE PUBLIC MEETINGS HELD:

The 2021/2022 IDP review process took place during the uncertain period of the COVID19 pandemic. This pandemic has presented challenges in terms of how business operations and government services are delivered. Therefore, the activities outlined for this IDP/budget review processes; in essence had to be adapted to the COVID-19 regulations, and amended as per the regulation. This also meant that new approaches/ mechanisms had to be developed and also improved upon to coordinate public engagement and meetings. These included amongst other things making use of virtual platforms for meetings; social media, and radio.

Public meetings in the Municipality have helped engage to the community of Matatiele Local Municipality in the functioning of the Municipality. These also provided a platform for the setting/review of performance indicators in the programmes and projects that are going to be performed by the Municipality.

The above-mentioned public meetings also provided a platform for stakeholders and interest groups to input in the IDP and budget processes of the Municipality.

2.7 ANTI-CORRUPTION AND FRAUD

FRAUD AND ANTI-CORRUPTION STRATEGY

The Matatiele Local Municipality subscribes to the principles of good corporate governance, which require conducting business in an honest and transparent fashion. The Municipality is committed to fighting fraudulent behavior at all levels within the organization.

The Fraud Prevention Plan as reviewed by Council on 29 March 2022 (**CR 80/29/03/2022**) is premised on the organizations core ethical values driving the business of the Municipality, the development of its systems, policies and procedures, interactions with ratepayers, the public and other stakeholders, and even decision-making by individuals and managers representing the organization. This means that in practice all departments and other business units of the Municipality and even external stakeholders are guided by the Plan as the point of reference for their conduct and in relation to the Municipality.

In addition to promoting ethical conduct within the Municipality, the plan is also intended to assist in preventing, detecting, investigating and sanctioning fraud and corruption. The fraud prevention plan details the steps which have been, and will continually be taken by the Municipality to promote ethical conduct and address fraud and corruption.

T 2.7.1

OVERVIEW SUPPLY CHAIN MANAGEMENT

The purpose of the Supply Chain Management (SCM) policy is to give effect to the five pillars of procurement, i.e. it must be fair, equitable, transparent, competitive and cost effective, as well as to give effect to the enabling legislation, regulations and strategies to modernize procurement, provisioning and related functions.

The SCM Policy was initially developed and implemented to give effect to the SCM Regulations of 1 October 2005. The Policy was reviewed on 29 March 2022 (**CR 80/29/03/2022**). Matatiele Local Municipality has established a Supply Chain Management Unit in line with the internal Supply Chain Management (SCM) Policy. The Matatiele Local Municipality SCM Policy has been designed to be fair, equitable, transparent, competitive and cost effective. The Policy does comply with the prescribed regulatory framework for municipal supply chain. There is a range of supply chain management processes which includes bids, quotations, disposals and deviations. The Policy does specify which process must be followed for each range of procurement.

There are procedures and mechanisms in place for each type of procurement process that is required to be followed. There is flexibility in the process in cases of emergencies and if the contract is below the prescribed thresholds. Bid Administration is strictly adhered to when advertising, opening, registering, recording, evaluating and adjudicating tenders. The final terms of the contracts are negotiated in certain circumstances. Annually officials and councilors are required to disclose any conflicts of interests and any business interests they may have. The SCM System ensures that no persons who are not officials of the Municipality are involved in the procurement and tender processes. Councilors are prohibited from participating in the tender process.

The Municipality has also prohibited persons who were previously convicted of fraud and corruption during the past five (5) years, who have failed on a contract in the past five (5) years, and whose tax matters have not been cleared by the South African Revenue Services from participating in the Municipal procurement process. Measures have been put in place to combat fraud and corruption. The Municipality has high ethical values. Where awards of tenders have been improperly made, these

contracts are invalidated. The Municipality has in certain circumstances participated in contracts procured by other organs of state. The SCM unit during 2021/2022 dealt with contract management matters and dispute procedures.

Concerning T 2.11.2:

The Matatiele Local Municipality has conducted a satisfaction survey for the 2021/2022 financial year, 3000 households within the municipality participated. There was positive feedback, the results were:

- Excellent electricity supply.
- Good and accessible public amenities.
- Good and interactive communication with the public.
- Excellent management of payment services

T 2.11.2.1

COMMENT ON SATISFACTION LEVELS:

The survey recommends that basic services primarily water supply; sanitation and refuse removal requires further improvements and prioritisation by Alfred Nzo District Municipality. Road maintenance and access roads especially in the rural areas will be prioritized by the municipality. Developmental local government programmes should be boosted particularly around social and economic uplifting, job creation and empowerment of the youth through the hosting of more Local Economic Development programmes.

T 2.11.2.2

CHAPTER 3 – SERVICE DELIVERY PERFORMANCE (PERFORMANCE REPORT PART I)

COMPONENT A: BASIC SERVICES

This component includes: water; waste water (sanitation); electricity; waste management; and housing services; and a summary of free basic services.

INTRODUCTION TO BASIC SERVICES

According to the Constitution of the Republic of South Africa 1996 Section 152 (1) (b) the Matatiele Local Municipality as part of its primary objectives, has a responsibility to provide basic services to public/constituents, in a manner that is sustainable and that meets their needs.

The Municipality is to ensure that its constituents are at least provided with basic services they need. The most important services that are needed by the community provided by the municipality in partnership with the District (ANDM) are:

- Water supply.
- Sewage Collection
- Refuse removal
- Electricity and gas supply
- Municipal roads and storm water drainage
- Municipal parks and recreation.

These services have a direct and immediate effect on the quality of the lives of the people in the community. For example, if the water that is provided is of a poor quality or refuse is not collected regularly, it will contribute to the creation of unhealthy and unsafe living environments. Poor services can also make it difficult to attract business or industry to an area and will limit job opportunities for residents. Basic services needed in rural areas may be different from those that urban communities need.

T 3.1.0

3.1. WATER PROVISION

INTRODUCTION TO WATER PROVISION

The provision of water in the Matatiele Local Municipality (MLM) is a key performance area of the District Municipality – Alfred Nzo District Municipality (ANDM). All the water connections are done by ANDM, either yard connections in the suburban areas or the RDP standards in the rural areas.

T 3.1.1

COMMENT ON WATER USE BY SECTOR:

The provision of water in the Matatiele Local Municipality is a key performance area of the District Municipality – Alfred Nzo District Municipality (ANDM). All the water connections are done by ANDM, either yard connections in the suburban areas or the RDP standards in the rural areas.

T 3.1.2.2

3.2 WASTE WATER (SANITATION) PROVISION

INTRODUCTION TO SANITATION PROVISION

The provision of sanitation and water in the Matatiele Local Municipality is a key performance area of the District Municipality – Alfred Nzo District Municipality (ANDM). All the water connections are done by ANDM, either yard connections in the suburban areas or the RDP standards in the rural areas

T 3.2.1

3.3 ELECTRICITY

INTRODUCTION TO ELECTRICITY

Matatiele Local Municipality is licensed by the National Electricity Regulator of South Africa (NERSA) to supply electricity to 70% of the total customers in the Municipality's area of jurisdiction and the remainder which is comprised of Cedarville and Maluti areas is supplied by Eskom. The Electricity Unit operates under the National Regulator of South Africa Act of (2006).

3.4 WASTE MANAGEMENT (THIS SECTION TO INCLUDE: REFUSE COLLECTIONS, WASTE DISPOSAL, STREET CLEANING AND RECYCLING)

INTRODUCTION TO WASTE MANAGEMENT

The Matatiele Local Municipality provides waste collection services in three of its urban areas Maluti (ward 1), Matatiele (ward 19 & 20), Cedarville (ward 26) and also removes and disposes waste from 3 rural (ward 2,6, and 25) areas closer to the above-mentioned areas once a week. MLM utilises service providers to clean and remove waste from residential areas and the CBD in wards 1,19 and 20, collects and disposes waste from rural communities (wards 2,6 and 10) as well as ward 26 in-house using municipal fleet and staff. Waste removal was provided daily in the CBD, twice a week in the residential areas (middle income areas) and 3 times a week in the low income or low-cost housing (RDP) area due to demand as the area is compacted and to ensure efficient service delivery.

Five (5) service providers were appointed in the 2021/2022 financial year for the period of 12 months /one (1) year, these service providers were appointed for cleaning, removal, transportation and disposal of waste. Manong Construction (removed waste in the Buxton park, (ward 19), Maro Projects (removed waste in Harry Gwala and Mountain View (Ward 20), Landa & Amyo (removed waste in Balloon Area, Itsokolele and Dark City (Ward 20) residential areas), Thabobomo Construction (removed waste in the CBD (Ward 20) Amamayeza (removed and disposed waste in Maluti (Ward 1). In Cedarville (ward 26), waste is removed using our General assistants (GAs) with the help of EPWP and Municipal Fleet. All above mentioned service providers also opened blocked drains clearing waste from drains. The Municipality also removes waste in 3 rural areas (Wards 2, 6 and 25) here the Municipality introduced transfer stations in the form of skip bins where the community disposed waste (mainly disposable nappies) and it was collected by the municipal skip loader truck. The service providers also provided waste removal from schools, clinics, police stations and hospitals every Wednesdays. Additional service using municipal skip loader truck was provided twice a week for the Maluti clinic which is the central point (transfer area) for waste collection from all rural clinics in the jurisdiction of Matatiele Local Municipality, only general waste is taken from these arears. Waste was

also collected from the South African National Defence Force (SANDF) camp (Ward 25) using skip loaders and disposing thereof with the municipal Skip truck. There are also 20 skip bins allocated in the CBD for businesses and residential areas for areas prone to illegal dumping.

LANDFILL SITE MANAGEMENT

The municipality has one licenced landfill site, Amacwele is the appointed service provider responsible for the management of the landfill site.

RECYCLING

The Municipality supported local SMMEs who do waste recycling within the CBD as well as the surrounding rural areas. SMMEs were given the required training and awareness on handling waste and the importance of sorting. They were then provided with Personal Protective Equipment (PPE) with the assistance of DFFE, they are encouraged to use PPE at all times when on site. Waste pickers were also trained and given permits to enable them to access the landfill site and sort and remove recyclables from the landfill, this was to ensure job creation, poverty alleviation and inclusive local economic growth. Through recycling we were ensuring that minimal waste reaches the landfill site. Majority of waste from our local businesses does not reach the landfill site as the recyclers remove the recyclables from the source being our local businesses.

ILLEGAL DUMPING

Curbing of illegal dumping is done once weekly, inspections were done daily to identify problematic areas. EPWPs and the good green deeds programme group were utilised to curb illegal dumps.

To ensure continued service delivery the Municipality has a waste officer and waste supervisor who ensured regular monitoring of the services rendered by the service providers as well as the municipal employees in the Waste Section, both of them report to the Environment and Waste manager. Daily and weekly monitoring tools were utilised to ensure services were done correctly and effectively.

COMMENT ON WASTE MANGEMENT SERVICE PERFORMANCE OVERALL:

Five (5) service providers were appointed to clean, remove, and dispose waste to the landfill site as well as maintenance of the landfill site. One service provider is contacted to manage the landfill site. Waste drums were stolen in town and sold as scrap metal causing a nuisance and dirty conditions in areas without these bins. Illegal dumping was curbed on a weekly basis, but residents continue to dump illegally. Clean up campaigns and awareness's were conducted monthly to keep the town and rural areas clean.

The compactor truck has assisted with ensuring that the community receives effective and efficient service delivery as we collect waste in-house in ward 26

3.5 HOUSING

INTRODUCTION TO HOUSING

The Matatiele Local Municipality is confronted with the challenge of ensuring access to adequate housing to all its inhabitants. The provision of housing is underpinned by the principles of promoting economic viability, environmental sustainability, urban integration and most importantly creating sustainable communities where people live in human dignity. The Municipality is progressively working towards reducing the significant backlog of 47585 housing units as per the Housing Need Register, and to ensure that the right of its inhabitants to have access to adequate housing is upheld and realized.

The rural housing development in Matatiele started in 2004 while the rural areas were still under the Umzimvubu Local Municipality. A challenge arose with the service provider appointed to conduct the feasibility study when they excluded certain villages. The change of ward boundary demarcation also affected the number of villages not included on the Housing Need Register.

THE MAJOR CHALLENGES ARE INTER ALIA:

- Upgrading of informal settlements in rural and urban areas
- Sustainable development
- Identification and designation of land for housing development
- Provision of sustainable human settlements in rural areas
- Facilitation of the creation of integrated and sustainable human settlements in urban areas
- Revitalization of old townships
- Promotion of medium density housing
- Promotion of spatial integration primarily through infill development

SOLUTIONS ON THE CHALLENGES ARE:

- Restructuring all projects (existing and planned) to be re-zoned in to seven (7) clustered wards.

-
- Prioritizing of housing projects in to at least five (5) wards (including all villages within such wards).
 - Spreading of housing projects without ward boundaries and all villages within the ward.
 - Prioritization of destitute beneficiaries in line with council resolution.

3.6 FREE BASIC SERVICES AND INDIGENT SUPPORT

INTRODUCTION TO FREE BASIC SERVICES AND INDIGENT SUPPORT

The Municipality has an existing Indigent Policy which was adopted by Council, there is a current database for indigent beneficiaries who are subsidised with rates, refuse and prepaid electricity. The free basic services that are offered by the Municipality include refuse removal, electricity, rates, quarterly supply and delivery of filled 9kg gas cylinders and 2 burner gas stoves and maintenance of solar systems in areas that do not have electricity. The Municipality subsidises 50 kWh for electricity; 100% rebate for rates; R90 maintenance fee for solar systems and 100% rebate for refuse.

The Municipal indigent policy qualification as an Indigent has a threshold of two pensioners' income (currently R1980.00 per pensioner) per household income.

On an annual basis the Municipality registers new indigent beneficiaries who are eligible to receive the subsidy for the basic services. The period of registration does not close as it remains open in the financial year and therefore allows the register to be updated on a monthly basis – as and when new applicants are approved. Each beneficiary is requested to comply or satisfy the qualification criteria as set in the policy.

In the 2021/2022 financial year, the Municipality had registered 13, 827 beneficiaries.

The free basic services that are offered by the Municipality include refuse removal, electricity, quarterly supply and delivery of filled 9kg gas cylinders and two (2) burner gas stoves and maintenance of solar systems in areas that do not have electricity. The Municipality subsidises 50 kWh for electricity; R90 maintenance fee for solar systems and 100% for refuse.

The community is required to apply for the indigent support on an annual basis, on assessment of the application forms the validity of the information submitted by the applicant is confirmed with Windeed to ensure that one qualifies for indigent support.

T 3.6.6

COMPONENT B: ROAD TRANSPORT

This component includes: roads; transport; and waste water (stormwater drainage).

INTRODUCTION TO ROAD TRANSPORT

Public Transport

Various means of public transportation are used within the Municipality. Buses, Taxis and vans are commonly used as a form of transportation from one place to another. Vans are common in rural areas and are used to transport people to the towns, where they can access services. There are currently four (4) operational taxi ranks, and one (1) bus rank in the Matatiele town. Despite some investments in new roads and maintenance there remain local communities who are isolated and disconnected due to poor road infrastructure. This has significant consequences in terms of local economic development as well as service delivery, especially accessibility to emergency ambulance services. Transport whether motorized or non-motorized faces many challenges within the Municipal area. These can be summarized as follows:

Access roads need maintenance. Challenges include:

- Unavailability of adequate public transport facilities especially for the disabled;
- Lack of cooperation between public transport operators and the Municipal authorities;
- Lack of institutional capacity at Local and District Municipal level to manage transport planning and implementation;
- Limited pedestrian and non-motorized transport facilities.

The Department of Transport did initiate some rural transport initiatives including:

- The AB 350 which established 16 buses on various routes in Matatiele
- Scholar transport was operated by a number of schools in the Municipal area

Areas of prioritized intervention include maintenance roads, improving on regulation to improve of road worthy scholar transport, investigation into traffic calming measures within areas of high accidents and facilitate the provision of adequate public transport facilities especially for the disabled.

In addition, the improvement in co-operation between public transport operators and the Municipal authorities is prioritized, as is the building and improvement of institutional capacity at Local and District Municipal level in order to manage transport planning and implementation.

Rail

The Municipality does not have an established public and goods rail transport system. However, a railway line runs through the area connecting the area with KwaZulu-Natal towns (Kokstad and beyond) although it has not been in use for over seven years.

Air Transport

There is no established and operational air transport system. A small landing Strip (airstrip) exists within Matatiele.

T 3.7

3.7 ROADS

INTRODUCTION TO ROADS

Matatiele has a well-established road system comprising of provincial, district and local access roads. This improves accessibility and connectivity at a regional scale and serves as an opportunity for corridor-based development. R56 is the main provincial road linking KwaZulu-Natal and Eastern Cape through Matatiele.

The other provincial road that plays an important role in terms of linkages include P612 which link the area with Lesotho. There are also provincial routes that plays a significant role in terms of linking various parts internally within Matatiele. These routes are P607, P604, P649 and P605. District Roads connect different settlements and provide access to public facilities. These district routes include DR639, DR641, DR642, DR660, DR643 and DR611. There are also Local Access Roads which provide access within each village.

Road Network

The construction and maintenance of provincial roads is the responsibility of the Department of Roads and Transport. On the other hand, construction and maintenance of access roads is the competency of the local Municipality. Maintenance includes re-gravelling, storm water drainage, bridges, pothole patching, paving, road signs and road markings.

The Municipality is also responsible for the construction and maintenance of sidewalks, foot paths in and around the three towns. The main role player at Matatiele Local Municipality is the Infrastructure Services Department. The modes of transport that are mainly used by the community are public transport and private transport. Matatiele Local Municipality is currently using the District Municipality's Integrated Transport Plan.

COMMENT ON THE PERFORMANCE OF ROADS OVERALL:

The following are the three (3) largest capital projects:

1) Cedarville Internal Streets- Phase 3 – This is a 4,4km upgrading of gravel roads to paved roads in Ward 26. The contractor was appointed in April 2020 and the project reached completion in April 2022. It was a multiyear project. This project has up to date provided jobs to nineteen (27) local people both males and females with youth dominating in the employment ratio. The programme of works is closely monitored through frequent site meetings and visits. The local SMME's been appointed to undertake kerbing and concrete works.

2) Mahangu Access Road & Bridges (AR) –This is a construction 2,5km of virgin gravel access road where 8km is a virgin road and 40m long cast in situ concrete bridge. It is situated in ward 09, the contractor was appointed in September 2021 and is expected to be complete in November 2022. The project is in construction stage and progressing and it is a multiyear project. The project has provided jobs to sixteen (20) local people so far.

3) Harry Gwala Internal Streets (Itsokolele-Njongweville) –This is a 3,7km surfaced road. 3km is rehabilitation of an existing dilapidated surfaced road and 0,3km upgrading of gravel road to surfaced road in Ward 19. The contractor was appointed in January 2022 and the project will be complete in September 2022. The project has provided jobs to sixteen (19) local people so far.

3.8 TRANSPORT (INCLUDING VEHICLE LICENSING & PUBLIC BUS OPERATION)

INTRODUCTION TO TRANSPORT

The Matatiele Local Municipality (MLM) does not provide any public transport; however, it does have one bus terminal and one minibus taxi terminal. There are also other two bus/minibus taxi terminal operations on private ranks owned by retail businesses.

Matatiele Local Municipality maintains its two transport terminals and cleans the other terminals on retail business premises. MLM supports all the above transport terminals by recognising the transport association operating in the premises, having regular meetings with them regarding their operations, law enforcement matters and lastly providing concurrency for their members' operating licences applications.

Matatiele Local Municipality has a Registering Authority delegated by the Department of Transport. Matatiele also has a Grade A Driving Licence Testing Centre and a Grade A Vehicles Testing Station

3.9 WASTE WATER (STORMWATER DRAINAGE)

INTRODUCTION TO STORMWATER DRAINAGE

The Municipality is responsible for maintenance, upgrading and installation of storm-water facilities in its three towns i.e. Matatiele, Cedarville, and Maluti towns with its employees under Operations and Maintenance Unit.

The Municipality purchases materials to improve storm-water drainage which includes culverts and kerbs. The Municipal TLB is used to install and upgrade storm-water drainage.

The Operations and Maintenance Unit installed 625m of storm-water drainage in the 2021/2022 financial year

COMPONENT C: PLANNING AND DEVELOPMENT

This component includes: planning; and local economic development.

INTRODUCTION TO PLANNING AND DEVELOPMENT

Local economic development (LED) is everybody's business, including local residents, local business people and government. Matatiele Local Municipality is mainly agricultural, and tourism based and therefore its economic development is based on these fields, hence the municipalities vision which says that "where agriculture and tourism are investment of choice".

The purpose of channelling economic development programmes through LED unit is to provide a strategic direction to guide the Matatiele Local Municipality in its actions and efforts to lead local LED stakeholders towards achieving local economic development within the Municipal area. This is further supported by our revised Local Economic Strategy (2019) as it is a blue-print for implementation of Led programmes in Matatiele Local Municipality. It sets out actions that will help improve the vitality of the local economy and encourage its growth in a sustainable manner.

The Development Planning Unit consists of town planning, land administration and outdoor advertising as key focus areas. The main vision of the unit is to be a holistic developmental orientated unit that complements the Municipality by providing support to issues relating to development planning and to ensure that the vision, mission and objectives of the Municipality regarding development planning are achieved.

3.10 PLANNING

INTRODUCTION TO PLANNING

The Development Planning Unit consists of town planning, land administration and outdoor advertising as key focus areas. The main vision of the unit is to be a holistic developmental orientated unit that complements the Municipality by providing support to issues relating to development planning and to ensure that the vision, mission and objectives of the Municipality regarding development planning are achieved.

The top 3 service delivery priorities in support of local economic development are:

Town planning (Spatial Planning and Land Use Management):

- Formulation of review of spatial and development plans within the context of the IDP timeframe.
- The spatial development framework (SDF) was reviewed in order to guide development, be in line with spatial planning and land use management act, 2013 (SPLUMA) and to cover all wards of the Municipality.
- Formulation, review and implementation of development planning policies and by-laws. The Land Use Management system (scheme LUMS) will be reviewed to be SPLUMA compliant in order to manage the land use rights of all the properties so as to guide new development and monitor proper use of the land.
- Provide enhancement to development strategies and ensure a safe built environment for the community through proper enforcement of town planning legislation, policies and by-laws.

Land administration: proper management of Municipal land through processing of land leases and sale applications and the implementation of the approved Municipal land management plan (disposal of Municipal sites)

Outdoor advertising:

- Management of the commercial advertising signage through processing of outdoor advertising applications and the monitoring of illegal advertising signs.

COMMENT ON THE PERFORMANCE OF PHYSICAL PLANNING OVERALL:

The Development Planning Unit had no Capital projects on the approved budget. The other units' activities fall within the operational budget as reflected in the IDP and SDBIP and some were implemented according to the approved budget. Certain projects however, planning and surveying of Municipal land for residential and commercial establishments are a multi-year projects that are ongoing.

Other projects such as processing of applications, land disposals, rezoning, and subdivision, advertising signage's etc. were operational and did not need a budget and applications received were processed

T 3.10.7

3.11 LOCAL ECONOMIC DEVELOPMENT (INCLUDING TOURISM AND MARKET PLACES)

INTRODUCTION TO ECONOMIC DEVELOPMENT

The purpose of channelling economic development programmes through LED unit is to provide a strategic direction to guide the Matatiele Local Municipality in its actions and efforts to lead local LED stakeholders towards achieving local economic development within the Municipal area. This is further supported by our revised Local Economic Strategy (2019) as it is a blue-print for implementation of Led programmes in Matatiele Local Municipality. It sets out actions that will help improve the vitality of the local economy and encourage its growth in a sustainable manner. Its specific objectives are to:

- Capacitate the Matatiele Local Municipality in carrying out its LED mandate;
- Develop a strategic implementation plan that outlines the strategies and activities that the Municipality and other LED stakeholders can employ to improve quality of life throughout the Municipal area;
- Facilitate the creation of an enabling framework for private and public sector investment, promotion of economic development and growth;
- Provide an overall economic assessment of Matatiele in order to identify sectors or areas of high economic potential and to highlight those that require intervention;
- Identify and estimate the cost of projects that will potentially contribute to the improvement of both Matatiele's economic future and quality of life within the Municipal area;
- Provide guidelines for implementing LED projects in Matatiele Local Municipality and for monitoring and evaluating them.

Matatiele Municipality Cropping Programme and Livestock Improvement Programme are the main anchor projects that Matatiele Local Municipality has invested in during the 2021/2022 financial year. The main objectives of the above-mentioned projects were to create food security and to alleviate poverty in rural areas of Matatiele by encouraging emerging farmers to enhance production at a local

level, especially fresh vegetables and grain production. The above-mentioned projects that are aligned to Agriculture sector and they are a component of Agri-Parks programme which is known as a rural industrialization programme and it is still an ongoing project which is championed by Department of Rural Development and Land Reform. The informal trading sector is also a positive contributor to our local gross geographic product as it is having a strong constituency that is found in all the towns of Matatiele Local Municipality.

Job Creation

The Retail sector is our major contributor of job creation, followed by the Agricultural sector and informal jobs that are created by SMMEs and Cooperative development in the area.

Capacitate the Matatiele Local Municipality in carrying out its LED mandate;

- Develop a strategic implementation plan that outlines the strategies and activities that the Municipality and other LED stakeholders can employ to improve quality of life throughout the Municipal area;
- Facilitate the creation of an enabling framework for private and public sector investment, promotion of economic development and growth;

- Provide guidelines for implementing LED projects in Matatiele Local Municipality and for monitoring and evaluating them.

T 3.11.1

COMMENT ON LOCAL JOB OPPORTUNITIES:

The Retail Sector is the major employer in Matatiele, especially in the Matatiele Town, followed by the Agricultural sector and informal jobs that are created by SMMEs and Cooperative development in the area. Informal Trading sector has drastically declined to have positive economic activity in Matatiele Local Municipality as it has been affected by the covid-19 pandemic which requires social distancing and there is disaster management act which is categorising commodities that need to be sold at certain levels like fruit and vegetables from level five to level three.

Tourism

This is a sector that is able to create short-term jobs and long-term jobs in the hospitality sector and in events such as the Matatiele Music Festival, Matat-2-Pont, Mehlooding Heritage, Ced-Matat Marathon and other related activities. This sector has been adversely affected as other hospitality entities are struggling even to keep their doors open as they are still being affected by the lockdown. There are only three Tourism establishments in Matatiele Local Municipality that have received tourism relief funding, which makes it difficult for other establishments to survive. However Eastern Cape Parks and Tourism Agency is developing a concept document that will enable Tourism establishment in Matatiele Local Municipality to be assisted in marketing and other forms of opportunities during this lockdown period.

3.12 LIBRARIES; ARCHIEVES; MUSEUMS; GALLERIES; COMMUNITY FACILITIES; OTHER (THEATRES, ZOOS, ETC)

INTRODUCTION TO LIBRARIES; ARCHIEVES; MUSEUMS; GALLERIES; COMMUNITY FACILITIES

Currently Matatiele local Municipality has three (3) main libraries, Cedarville, Maluti and Matatiele, and two (2) mobile libraries, Lupindo mobile library and modular library. All the five libraries are staffed by personnel employed by DSRAC. There is only one librarian employed by the Municipality and all the libraries have functioning library committees. Libraries provide efficient information services through awareness and campaigns.

There is one museum which is controlled by DSRAC but is maintained by the Municipality. There is support given to the libraries and museum by the Municipality.

The Municipality currently has FORTY-TWO (42) community halls and one (1) Civic Centre on the asset register, which are available for the use by the Community.

In ensuring continuous utilization of our service, a Public Amenities Plan has been developed to guide and ensure efficient administration, maintenance and management of Public Amenities.

3.13 CEMETORIES AND CREMATORIALS

INTRODUCTION TO CEMETORIES & CREMATORIALS

The Municipality has three (3) cemeteries located in Maluti, Matatiele and Cedarville towns {wards 1, 19 and 26} respectively. The rest are situated in the rural areas. Grass cutting and other maintenance were being conducted regularly.

The digging of graves is done by a temporary services of various service provider. The Municipality supports Indigent communities, through provision of free graves where needed. The challenge is that there will soon be a shortage of burial sites and additional land will be required to meet the high demand in the Municipality.

T 3.13.1

SERVICE STATISTICS FOR CEMETORIES & CREMATORIIUMS

Matatiele Local Municipality services three (3) cemeteries in wards 1, 19 and 26. A private service provider is appointed for regular grass cutting and maintenance and digging of graves. The Municipality supports indigent communities, through the provision of free graves where needed. The Muslim community was provided with a few plots for their burials, this is for until the Municipality can get a new burial site for wards 19 & 20. Pauper burials are also done per request from SAPS and the government hospital. There is a shortage of burial plots within the existing burial site and a new site will be identified for a new cemetery development.

3.14 CHILD CARE; AGED CARE; SOCIAL PROGRAMMES

INTRODUCTION TO CHILD CARE; AGED CARE; SOCIAL PROGRAMMES

To promote social cohesion and the mainstreaming of designated groups into municipal Socio-Economic programmes and projects. Ensure empowerment and capacity building of women and creation of environment that allows them to actively participate in the socio-economic development of our communities.

Creation of an environment that is friendly to children and contributes to their positive growth and development. Creation of an enabling environment where young people are well capacitated and developed to play active role in the economic development of the broader society. Ensure elderly persons are provided with quality services free from difficulties and obstacles associated with absence of care and support.

Ensuring an improved co-ordination of programmes targeting and responding to the challenges faced by people with disabilities. Reduce the levels of HIV/AIDS transmissions.

INTRODUCTION BIO-DIVERSITY AND LANDSCAPE

The Matatiele Local Municipality is the presiding authority over 4800 ha of Nature Reserve; viz. Mountain Lake and Wilfred Baur. The Reserve boasts with an array of Grassland Biome wildlife which include Burchell's Zebra, Blue Wildebeest, Red Hartebeest, Blesbok, Mountain & Common Reedbuck, as well as other small vertebrates and invertebrates' species.

The reserves were established in 2007 as means to preserve the mountain water catchment and rare escarpment biodiversity which was previously threatened by human activities. The Municipality has over 41 560 ha of wetlands feeding the upper Umzimvubu catchment.

Local NGO's and other stakeholders formed a forum Umzimvubu Catchment Partnership (UCP) which deals with all environmental issues and programmes. The forum provides stewardship programmes that assist in restoring the natural grassland landscape. Some of the Rangeland management/ restoration processes includes; Alien Plant Clearing, Erosion Control, grazing management as well as ongoing Community Awareness Programme and Fire management strategies. The Matatiele Local Municipality also benefits from the thuma mina presidential programme (Green Good Deeds programme).

COMMENT ON THE PERFORMANCE OF BIO-DIVERSITY; LANDSCAPE AND OTHER OVERALL:

The Municipality was awarded a grant from DEDEAT for wattle clearing in 7 municipal wards. 172 youth was trained and employed under this programme and 93ha of wattle was cleared in 7 wards. Local SMME made up of only youth have taken advantage of wattle clearing and were assisted by UCP to manufacture and sell charcoal which they have made from the cleared wattle. Local NGOs assisted to control grazing projects and animal auctions leading to income for rural communities.

3.22 OTHER (DISASTER MANAGEMENT, ANIMAL LICENCING AND CONTROL, CONTROL OF PUBLIC NUISANCES AND OTHER)

INTRODUCTION TO DISASTER MANAGEMENT, ANIMAL LICENCING AND CONTROL, CONTROL OF PUBLIC NUISANCES, ETC

The Municipality performs disaster management functions in collaboration with ANDM and together with the Provincial Disaster Management and National Disaster Management. The disaster management functions of the Municipality consist of immediate reactive response to disasters affecting the community, in which the district disaster management team contributes proactively. Animal control and control of public nuisances is performed by the Municipality with the functions of collecting and impounding of stray animals within the local Municipal jurisdiction. The SAPS and SANDF utilize the facility that the Municipality offers at our animal pound.

COMPONENT I: CORPORATE POLICY OFFICES AND OTHER SERVICES

This component includes: corporate policy offices, financial services, human resource services, ICT services, property services.

3.24 EXECUTIVE AND COUNCIL

This component includes: Executive office (mayor; councilors; and municipal manager).

INTRODUCTION TO EXECUTIVE AND COUNCIL

The Municipal Council is chaired by the Speaker. The Executive Committee is the Primary Committee of the Municipal Council chaired by the Mayor. The service delivery priorities for the Executive and Council for the year under review were informed by the desire to strengthen community participation in the Integrated Development Plan (IDP) of the Municipality and also to ensure that there is harmonious working relationship between the traditional forms of governance and the contemporary form represented by the Matatiele Local Municipality.

The enhancement of service delivery can be ascertained by ensuring the yearly assessment of community satisfaction regarding the services provided to them. Protests and petitions directed towards the Municipality are mostly caused by the lack of constant interaction with communities and the information dissemination and sharing with them.

T 3.24.1

Surveys properly conducted can serve as the educational tools and able to assist the institutions in understanding the required service standards. The decision to conduct the yearly customer satisfaction surveys assists in providing the Municipality with information regarding areas that mostly require service delivery.	<p>PRIORITY: Conducting the qualitative and quantitative customer satisfaction survey.</p> <p>IMPACT: The customer satisfaction survey could not produce the qualitative results due to the budgetary constraints, but the quantitative results that were obtained managed to provide the results that if followed would assist the Municipality in addressing the concerns raised and thereby assist in the provision of the targeted service delivery.</p>	During 2021/2022 a District Survey of 1000 households per Municipality was conducted. The outcome of the survey had not been communicated by the Alfred Nzo District Municipality (ANDM) at the time of completing this report due to the delay by the Service Provider. Only the inception report had been communicated at that stage.	The involvement of the Alfred Nzo District Municipality in surveying the entire Municipality has been an indication of a success in ensuring that the terms of reference for the Local Municipality will be better focused and serve to produce better results to those of previous years.

Adoption of ward operational plans was undertaken in order to enhance the reporting and capacitating of ward governance system.	<p>PRIORITY: Having adopted ward operational plans for ward committee portfolios.</p> <p>IMPACT: Reporting improved and an understanding of governance challenges enhanced at the ward level. The synchronization of the workings of government improved as the Portfolios are created to reflect government operation in general.</p>	The workshops of Ward Committees on ward operational plans served to enhance their reporting ability.	Functions of the portfolios of ward committees were clearly spelt out for all the ten (10) ward committees in 26 wards. Competitive advantage of the Ward Committees workings being guided by the adopted Ward Operational Plans.
Functional Initiation Forum was established.	<p>PRIORITY: Monitoring the insurance that all the initiates are safe and well looked upon.</p> <p>IMPACT: Unity and cohesion experienced in ensuring that the legal framework is followed always in ensuring the safety processes.</p>	The Office of the Speaker is regularly updated about all the safety measures implemented.	The Matatiele Local Municipality Initiation Forum provided guidance in the whole District.

3.27 INFORMATION AND COMMUNICATION TECHNOLOGY (ICT) SERVICES

This component includes: Information and Communication Technology (ICT) services.

INTRODUCTION TO INFORMATION AND COMMUNICATION TECHNOLOGY (ICT) SERVICES

The Matatiele Local Municipality identified projects to address challenges pertaining to (i) provision of ICT Governance and Management, (ii) provision of Information Security and Network Security, (iii) provision of User Application Support, (iv) provision of ICT Infrastructure and Data Centre Management, (v) provision of ICT equipment and tools of trade and (vi) Provision of Records Management and Archiving.

The Municipality is using its internal human resources to ensure the effective provision of User Application Support. There were two (2) policy framework documents that were identified and developed internally to address Information Security. In the issues of Information and Network Security, the current status remains as all information leaving or entering the Municipality is protected.

Notwithstanding the operational projects such as provision of communication systems and tools of trade, printing services, and general user support, the Municipality has embarked on the project of automating and digitalisation of all records through implementation of Electronic Document and Records Management (EDRMS). The project is in the controlling and monitoring phase where activities such as digitalisation of records is ongoing.

COMMENT ON THE PERFORMANCE OF ICT SERVICES OVERALL:

The Municipality has performed fairly well in the financial year under review. Despite the challenges such as budget cuts, moratorium on Tender and non-responsive tenders. Challenges also include

adoption challenges of technology related changes in the municipality (i) Development of Workflows, (ii) usage of Biometrics system, (iii) Customer care Digital Application and.

T3.27.7

3.28 PROPERTY; LEGAL; RISK MANAGEMENT AND PROCUREMENT SERVICES

This component includes: property; legal; risk management and procurement services.

INTRODUCTION TO PROPERTY; LEGAL; RISK MANAGEMENT AND PROCUREMENT SERVICES

Risk impact assessment is the process of assessing the probabilities and consequence of risk events if they are realized. The Municipal Finance Management Act (No. 56 of 2003), S 166(2) (ii) prescribes that the Audit Committee must advise council in matters relating to risk management. The identification of these risks and the management thereof is the primary responsibility of Council and management. In this regard Council is advised to hold Municipal management accountable for the risk management function and the implemented antifraud and corruption plan is monitoring the day-to-day operations of the administration.

This should include enhancing controls and standard operating procedures especially in the supply chain management environment. Most organizations programs have improved their risk management capacity and are making some progress in building and implementing their performance measurement strategies. Institutions must, in accordance with the previously mentioned prescripts, implement and maintain effective, efficient and transparent systems of risk management and internal control.

The underlying intention is that Institutions should through the risk management process achieve, among other things, the following outcomes needed to underpin and enhance performance:

- a) More sustainable and reliable delivery of services;
- b) informed decisions underpinned by appropriate rigour and analysis;
- c) Innovation;

-
- d) Reduced waste;
 - e) Prevention of fraud and corruption;
 - f) Better value for money through more efficient use of resources; and
 - g) Better outputs and outcomes through improved project and programme management.

LEGAL SERVICES

- The Matatiele Local Municipality builds up partnerships with institutions, relationships with employees and makes many decisions where Matatiele residents are affected.
- To do this properly, there is a need for a Legal Team to provide guidance so that everything is above board and legal. This is where Legal Services comes in.

Priorities are to provide:

- Institutional Corporate Legal Compliance;
- Opinions;
- Labour Law Services;
- Coordinate and re-align Municipal By-Laws;
- Litigation Services;
- Contracts Management services; and
- Property Legal Services.

Impact during the year:

Through its supportive and advisory role, the Legal Services Unit strengthens the capacity of the Municipality to fulfil its constitutional and other legislative mandates. This is done by providing legal advice and support to the Municipality.

Measure taken to improve performance:

Continual training for legal services officials to enable them to keep abreast of legal updates.

Achievements:

- Protecting the interests of the Municipality

-
- Assurance of compliance with legislations

Development of the Procurement Plan to monitor and keep track of all the bids issued by the Municipality and also to ensure that they are awarded within the set targets.

COMMENT ON INJURY AND SICK LEAVE:

The Municipal Human Resources unit generates reports on a monthly basis pertaining to sick leave periods as well as injury on duty. All personnel records pertaining to sick leave and injury on duty are filed in the personnel files of employees.

The Municipality is constantly monitoring instances of injury on duty as well as taking of sick leave by its employees. In the year under review, the Municipality has been implementing a pro-active Health and Safety programme aimed at reducing and curtailing instances of injury on duty as well as suffering from work related sickness.

Chapter 4

There is also an OHS Committee that oversees the safe working conditions of employees within the Municipality. Furthermore, the Municipality held a Wellness and Awareness's day in each quarter of the financial year.

The Training Plan were adequate however, allocated funding for the year under review was not adequate as the budget was below 100% which is the total operating budget of the Municipality.	18 out of 15 training Interventions planned were effectively implemented during the year under review.	Out of R1, 800,000.00 budget, the actual budget used was R1 103 664.80 which was paid towards financial study assistance namely: (30) Thirty Employees and seven (7) Members of Council benefitted in respect of financial assistance. R700 978.98 was used for short courses or skills programmes and Learnerships programmes for employed. The overall	The Training funding remains inadequate as long as the large number of employees is not benefiting from the funded annual training programme.

COMPONENT D: MANAGING THE WORKFORCE EXPENDITURE

INTRODUCTION TO WORKFORCE EXPENDITURE

Matatiele Local Municipality workforce expenditure exceeded the budget as the budget was 31% and the actual expenditure was 36% of the total operating budget of the Municipality. Upsurge was caused by the once off- payment of the Municipal Manager's settlement.

Reduction of negative impacts of salary costs on service delivery obligations of the Municipality. Municipality controls salary increments through a multi-year collective agreement on salary increases for the Local Government sector. There are sufficient management controls and tools for controlling expenditure on workforce (e.g. overtime pre-authorization forms and overtime claim forms).

Pressure to Overspend

There is an ever-growing need for additional Human Capital to the Municipal Departments. There is limited control over overtime expenditure due to unforeseeable service delivery challenges. Payment of market related salaries as well as attraction and retention of Human Capital with scarce skills. The Retention strategy has the potential of pushing up the workforce expenditure due to the demands of the Labour Market.

How Spending is Controlled

Chapter 4

By reviewing the Municipal Staff Establishment on an annual basis, inserting proposed and budgeted for positions and ensuring that all posts are contained in the staff establishment. All posts are budgeted for before they are filled. Overtime, stand-by and shift allowances are budgeted for with more emphasis being put on essential services employees. Non-essential services employees are rewarded for overtime by means of time off. To ensure that all overtime pre-authorization forms and overtime claims are approved by authorized persons.

Obtaining Value for Money from Workforce Expenditure

Municipality recruited skilled labour, performed capacity building, rolled out Individual Performance Management and ensured that it is cascaded even to the lower levels within the Municipality i.e.: from Management to employees at TASK Grade 5. Monthly management reports are prepared as part and parcel of continual monitoring and evaluation of workforce expenditure.

5.3 ASSET MANAGEMENT

Chapter 5

INTRODUCTION TO ASSET MANAGEMENT

The Asset Management section has been formed to perform the assigned roles in terms of MFMA section 63 and MFMA section 14. Asset Management Unit is responsible for the identification, control and disposal of fixed assets when need arises. The Asset Management section is in the Budget and Treasury Office (BTO) that is headed by the Chief Financial Officer. The unit manager is the Manager: Financial Reporting and Assets Management (Authorisation) who delegates to Assets Accountant (Accountability) and then to the Asset Senior Officer (Initiation). The Fixed Asset policy provides direction for the management, accounting and control of Fixed Assets owned or controlled by the Municipality, in accordance with applicable legislation and best practices developed.

GLOSSARY

GLOSSARY

Accessibility indicators	Explore whether the intended beneficiaries are able to access services or outputs.
Accountability documents	Documents used by executive authorities to give “ <i>full and regular</i> ” reports on the matters under their control to Parliament and provincial legislatures as prescribed by the Constitution. This includes plans, budgets, in-year and Annual Reports.
Activities	The processes or actions that use a range of inputs to produce the desired outputs and ultimately outcomes. In essence, activities describe “ <i>what we do</i> ”.
Adequacy indicators	The quantity of input or output relative to the need or demand.
Annual Report	A report to be prepared and submitted annually based on the regulations set out in Section 121 of the Municipal Finance Management Act. Such a report must include annual financial statements as submitted to and approved by the Auditor-General.
Approved Budget	The annual financial statements of a municipality as audited by the Auditor General and approved by council or a provincial or national executive.
Baseline	Current level of performance that a municipality aims to improve when setting performance targets. The baseline relates to the level of performance recorded in a year prior to the planning period.
Basic municipal service	A municipal service that is necessary to ensure an acceptable and reasonable quality of life to citizens within that particular area. If not provided it may endanger the public health and safety or the environment.
Budget year	The financial year for which an annual budget is to be approved – means a year ending on 30 June.
Cost indicators	The overall cost or expenditure of producing a specified quantity of outputs.
Distribution indicators	The distribution of capacity to deliver services.
Financial Statements	Includes at least a statement of financial position, statement of financial performance, cash-flow statement, notes to these statements and any other statements that may be prescribed.
General Key performance	After consultation with MECs for local government, the Minister may prescribe general key performance indicators that are appropriate and

GLOSSARY

indicators	applicable to local government generally.
Impact	The results of achieving specific outcomes, such as reducing poverty and creating jobs.
Inputs	All the resources that contribute to the production and delivery of outputs. Inputs are "what we use to do the work". They include finances, personnel, equipment and buildings.
Integrated Development Plan (IDP)	Set out municipal goals and development plans.
National Key performance areas	<ul style="list-style-type: none"> • Service delivery & infrastructure • Economic development • Municipal transformation and institutional development • Financial viability and management • Good governance and community participation
Outcomes	The medium-term results for specific beneficiaries that are the consequence of achieving specific outputs. Outcomes should relate clearly to an institution's strategic goals and objectives set out in its plans. Outcomes are "what we wish to achieve".
Outputs	The final products, or goods and services produced for delivery. Outputs may be defined as "what we produce or deliver". An output is a concrete achievement (i.e. a product such as a passport, an action such as a presentation or immunization, or a service such as processing an application) that contributes to the achievement of a Key Result Area.
Performance Indicator	Indicators should be specified to measure performance in relation to input, activities, outputs, outcomes and impacts. An indicator is a type of information used to gauge the extent to which an output has been achieved (policy developed, presentation delivered, service rendered)
Performance Information	Generic term for non-financial information about municipal services and activities. Can also be used interchangeably with performance measure.

GLOSSARY

Performance Standards:	The minimum acceptable level of performance or the level of performance that is generally accepted. Standards are informed by legislative requirements and service-level agreements. Performance standards are mutually agreed criteria to describe how well work must be done in terms of quantity and/or quality and timeliness, to clarify the outputs and related activities of a job by describing what the required result should be. In this EPMDS performance standards are divided into indicators and the time factor.
Performance Targets:	The level of performance that municipalities and its employees strive to achieve. Performance Targets relate to current baselines and express a specific level of performance that a municipality aims to achieve within a given time period.
Service Delivery Budget Implementation Plan	Detailed plan approved by the mayor for implementing the municipality's delivery of services; including projections of the revenue collected and operational and capital expenditure by vote for each month. Service delivery targets and performance indicators must also be included.
Vote:	<p>One of the main segments into which a budget of a municipality is divided for appropriation of money for the different departments or functional areas of the municipality. The Vote specifies the total amount that is appropriated for the purpose of a specific department or functional area.</p> <p>Section 1 of the MFMA defines a "vote" as:</p> <p><i>a) one of the main segments into which a budget of a municipality is divided for the appropriation of money for the different departments or functional areas of the municipality; and</i></p> <p><i>b) which specifies the total amount that is appropriated for the purposes of the department or functional area concerned</i></p>

APPENDIX I – MUNICIPAL ENTITY/ SERVICE PROVIDER PERFORMANCE SCHEDULE

MONITORING OF THE PERFORMANCE OF SERVICE PROVIDERS/ Assessment of the performance of External Service Provider – JULY 2021 TO JUNE 2022.

Section 116 (2)(b) of MFMA

Contracts and contract management

116. (2) The accounting officer of a municipality or municipal entity must—

(b) monitor on a monthly basis the performance of the contractor under the contract or agreement;

The monitoring of the service provider performance is ensured through the signing of the Service Level Agreement. It is currently being done at user department levels. The end user department provides monthly reports to the SCM unit as well. Service providers who fail to perform are reported to SCM and the necessary action is taken including the termination of the contract or cancellation of an order.

Example:

<i>Assessment Key</i>	
Good (G) - 3	<i>The service has been provided at acceptable standards and within the time frames stipulated in the SLA/Contract</i>
Satisfactory (S) - 2	<i>The service has been provided at acceptable standards and outside of the timeframes stipulated in the SLA/Contract</i>
Poor (P) - 1	<i>The service has been provided below acceptable standards</i>
